Re: Petition for Exemption (14 CFR § 111.215(a)) (Docket No. FAA-2022-0795)

Dear Ms. Locke:

PlaneSense, Inc. (PlaneSense) respectfully submits the following Letter of Intent pursuant to the Federal Aviation Administration's (FAA's) June 24, 2022 letter exempting certain members of the National Business Aviation Association (NBAA) from the Pilot Records Database (PRD) interim reporting deadline scheduled to become effective June 10, 2022.

PlaneSense satisfies the conditions enumerated in the FAA's June 24 letter for obtaining relief from the interim reporting deadline. PlaneSense is a member of the NBAA, operates under Part 91(k) of the Federal Aviation Regulations, and currently holds Management Specifications that include Spec. MA025 for electronic training records (*see* HQ Revision 020, June 22, 2016). Furthermore, issuance of the exemption to PlaneSense is in the public interest and will ensure that data submitted by PlaneSense to the FAA takes advantage of the latest technology and, consequently, is both comprehensive and accurate.

PlaneSense affirms that it will comply with the requirement that records created between June 10, 2022 and January 10, 2023 be reported to the PRD no later than June 12, 2023, and that any request for an extension of the exemption period shall comply with 14 CFR § 11.81 and be submitted no later than 120 days prior to June 12, 2023.

Please feel free to contact me with any questions.

Sincerely,

Gary M. Arber
Vice President and General Counsel
